

# Bishop's Orchards Winery

## — Story —

Since 1871, six generations of Bishop's have been serving Connecticut with farm products. Bishop's Orchards Winery offers their own wine & other fine Connecticut wines 7 days a week. Bishop's Orchards Winery has taken the superb reputation and flavor of the fruits they grow to produce over 11 different varieties of wines as well as a popular Hard Apple Cider. Bishop's own apples, raspberries, peaches, pears, strawberries and blueberries are the starting point for each wine. These specially created distinctive wines range from dry to sweet and will delight the palette.

Open year round, the Farm Market features a bakery & kitchen specializing in pies, soups & prepared meal solutions, produce from the 313 acre farm & around the world, meats, cider, cheese, dairy products, flowers, fruit baskets, gift and apple packs (shipped in US). Pick Your Own Fruits are available from June till October, with strawberries, blueberries, peaches, pears, apples, raspberries & pumpkins. Apple cider donuts are a specialty year round. Kids love to watch the train and visit Llamas, Alpacas & Goats!

Situated in the historic town of Guilford, with its beautiful 7.7 acre green, surrounded by historic homes, churches and shops, Bishop's is a perfect destination to be followed by a visit to the oldest stone house in CT, the Henry Whitfield State Museum (after which is named our Stone House White Wine). Bishop's Orchards was awarded the Century Farm Award by Governor Ella Grasso in 1975, and received the MassMutual 2001 National Family Business Award.
