

Taylor Brooke Winery

848 Route 171 Woodstock, CT 06281 (860) 974-1263

— Story —

What began in 1993 as a hobby, quickly became a labor of love, when Taylor Brooke Winery was established by Richard (Dick) & Linda Auger and their tasting room opened in June 2004. Located in the “Quiet Corner” of NE CT, on what was once one of the oldest and largest farms in town, we cultivate our vines and create our wines to reflect the essence of living...strong roots, a tender touch, caring manner, nurturing environment, and a commitment to quality. It’s a philosophy that works for our family; it’s working for our wines.

We create 15 small batch wines... dry, estate grown whites and reds...fun, fruit-infused Rieslings...a trio of dessert wines; wines for every occasion and palate. Come for a wine tasting, stroll through the vineyard on a self-guided tour, have fun shopping in our gift shop, bring a picnic lunch to enjoy in the vineyard or select some fine CT Grown cheeses and CT Grown smoked meats to enjoy with a glass of wine on our patio and find out why people say “It’s worth the trip!”

Our mission is to produce a variety of high quality wines from grapes grown on site and procured from local farms. We believe that agriculture is an important part of the community and by establishing this winery and associated vineyard, we will be able to continue the tradition of farming.

— Facts —
